

## AN EDIBLE FISHBOWL

CLOUDY

**MAKES: 12 cups**

### DIRECTIONS:

1. Prepare the blueberry gelatin in a large mixing bowl according to the package directions and refrigerate until partially set (for an aquarium with more waves, let the gelatin thoroughly set).
2. Make a rocky ocean floor by pouring the blueberries or grapes

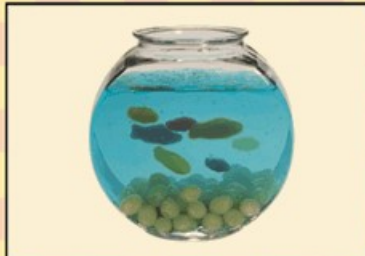

### INGREDIENTS:

- 6 3-ounce packages of blueberry gelatin dessert
- 1 cup blueberries or grapes
- Gummy fish

## AN EDIBLE FISHBOWL

CLOUDY

**MAKES: 12 cups**

### DIRECTIONS:

- into the fishbowl.
3. Spoon the blue "water" over the fruit, arranging the gummy fish into the gelatin.
4. Chill thoroughly.
5. "Fish" with a ladle, and be sure to restock the aquarium with extra candies.

Freeze blueberries or grapes in a sealable bag for a quick cool snack. They will last up to two years in there!
